

Improvements to your MyCHOICE Benefits Plan – Effective July 1, 2011

Services provided by a Naturopathic Doctor have been added within the paramedical practitioners benefit under both the Core and Enhanced level of coverage in the Extended Medical Benefits plan. In addition, the following improvements have been made to the

Enhanced Extended Medical Benefits plan:

- the \$50 per visit maximum has been removed under the paramedical practitioners benefit (annual benefit year maximum of \$1,000 still applies);
- the 80% per visit reimbursement level for psychology services has been removed (annual benefit year maximum of \$1,000 still applies);
- the eye examination benefit has increased from \$50 to \$100 every 24 months from the date of the last examination, and
- the hearing aid coverage has increased from \$1,000 to \$2,000 every 4 years.

These enhancements become effective July 1, 2011.
